Hearings:

5:30 PM Hearing continued from December 6, 2021 for Brandon 685 Old County Road Map 31 Lot 4 proposal to make changes to exterior plans previously approved.

The original plan which was previously accepted called for French doors all glass with a roof overhang to enable covered entry from the garage to the house.

The Brandons wanted to enclose the entrance and replace French doors with a glass entry door with glass sidelights.

There was a consensus that the side door was becoming more like a main entrance and we voted to accept the enclosure but no sidelights and a single solid door with a single 6 light window that matched the size of the lights in the windows to the left of the door, on the house.

Respectfully submitted,

Nancy Dole, Secretary
